

Color Registry

February 2009

What does all this mean anyway?

REV B

Are you looking for more specifics about the color or the owners opinion after their 40 has been finished? How is the color holding up? Was it easy to apply? Contact them via the forum using a personal message (PM). Here's their 'address'...

Geographic location is provided so that a nearby owner can be located. If you play your cards right, they may even arrange their schedule so you can have an up close look at their 40. Sending them a PM is the first step.

Is the 40 an original? A replica? Made at home in the garage or by what manufacturer? That information is right here...

Steve26
Enumclaw, WA, USA

Handbuilt

Color	Paint Mfr	Color Code
Powder Blue	PPG Omni	MBC 2626
Topaz Orange	PPG Omni	MBC 60812
Regal Blue	PPG Omni	MBC 3146

Some of the contributors have provided detailed information about the paint on their 40... others, well, they told us all that they know. When purchasing a 'previously loved' 40, sometimes paint detail isn't included in the purchase price...

On the Cover

If you're in Austria during the winter and want to see a great example of a GTD, you'd best bring a shovel with you! Forum member 'echoman' pulled his red 40 out of the garage for a quick photo.

Where's MY 40?

We'd *love* to include your 40 and detailed information about the paint on your car... send a PM to forum member crossle43 and brief instructions will immediately follow!
