Quantity	Item Code	Description	U/M	Price Each	Amount
4.5	Misc. Service	Fit, trim, install rear window and prep for install of ASPIRE rear louvers using fiberglass louvers for mock up Estimated to take 4 to 5 hours at \$75.00/hour Work performed on the car while I still could: All exterior brake and clutch lines mounted, plumed into footbox. No lines in the footbox. A/c mounted with holes drilled for vents, no lines done. Custom radiator shroud with fans and condenser mounted - \$600. Hydraulic lifts mounted on shocks with pump and reservoir mounted, lines cut and attached. A/C drier mounted. One piece coolant lines extended into front compartment with billet line clamps - \$180. Fuel tank modified for Aeromotive sump pump - \$600. Emergency brake calipers mounted. 90* rear hatch mounts. Also available is a brand new LS-3 crate motor (never started) with no paperwork (might be able to get some) with unknown HP. Also have LS7 exhaust manifolds with catalytic converter down pipes. The motor and exhaust is available for an extra \$6000. As you can see, I have over \$75,000 invested not including the work I did. Pictures available on request. For Sale for \$70,000..
